Minutes of the Meeting  
Tuesday, April 18, 2006, 7:00 a.m.  
Garden Café – Manhattan

Committee members present: Matt Drechsel, Maynard Flikkema, Bob Broyles, George Reich, Ron Carlstrom, Joe Skinner, Scott Compton

- Minutes of December 13, 2005 meeting were read and approved as read.
- Discussed subdivisions and canals. Canal companies are being contacted when a subdivision is near a ditch. Joe stated that often times the Commission does not hear from the ditch company. So they have standard set backs put into the subdivision plan.
- Matt reports we are at about 108% of snow pack as of Thursday. River flows are about 106% of normal. Snow pack has been maintained as well.
- Grass is greening up. Maynard stated some of the alfalfa ground in his area is coming up patchy. Maynard reports there is no water in the highline yet.
- Discussed ponds.
- County Commission is working on when it will require beneficial water use permits. Trying to condition at preliminary plat and on-site construction can't happen until the permit is in hand. This would apply to central water systems only.
- Next meeting is June 2006.

There being no further business, the meeting was adjourned.
